“ACCEPTANCE IN A CARING COMMUNITY”

## FROM THE PRINCIPAL

---

**20 September 2013**

### Dear Parents

Thank you for your support of our school in Term 3. I wish all Hilliard families a happy and relaxing mid-semester holiday. We are keen to resume our educational partnership with you again in Term 4.

### 2013 NAPLAN Results

2013 NAPLAN results were released on Friday. Individual student reports have not been received by our school yet; however, we will send the reports home as soon as they are received. An initial analysis of our results indicates student improvements in several strands. 2013 is the sixth year of NAPLAN testing in Australia. Please find below a table summarising these improvements:

| <b>Year 3</b>  | <b>Year 5</b>   | <b>Year 7</b><br>(caution needs to be exercised when reviewing the Year 7 data as only a very small cohort of 4 students sat this year's tests) |
|--|---|---|
| Writing - best mean scale score since 2008                 | Reading- best mean scale score since 2008 with a 37 point increase since 2012 | Spelling - best mean scale score since 2008 with a 20 point increase since 2012   |
| Grammar and Punctuation - best mean scale score since 2008 | Writing - improvement from 2012   |   |

|   |   |  |
|---|---|--|
| Numeracy - best mean scale score since 2008 | Spelling - best mean scale score since 2008                                     |  |
|   | Grammar and Punctuation - equal best mean scale score since 2008                |  |
|   | Numeracy - best mean scale score since 2008 with a 35 point increase since 2012 |  |

**Clearly, significant and encouraging student gain has been made in Numeracy.** This is no mistake. Our whole school Numeracy Action Plan: Differentiated Mathematics teaching by class teachers; Numeracy Coaching by Mrs Kirsty Cutajar; Balanced Mathematics Lesson Framework; shared criteria for an effective mathematics classroom (developed in January by all staff) with feedback on teacher mathematics practice by Management And Leadership Team members; introduction of Mathletics and more recently Class Numeracy Action Plans, is paying handsome dividends. I am anticipating further student gains in Numeracy as we continue this agenda in 2014, and to incorporate our Action Research Project in Mathematics, integrating some targeted mathematics professional development, in collaboration with Aarhus University, Denmark. These innovative and whole school practices in Numeracy teaching, differentiate us from other schools.

**I wish to personally congratulate and thank all staff on these NAPLAN improvements. Thank you also to our parents for your support of our improvement agenda.**

### **Keep a watch on our school these holidays**

Parents and students can help take care of our school by reporting any suspicious after-hours activity to School Watch on Ph: 13 17 88. By keeping an eye out we can work together to create a safer school community and help to reduce vandalism, theft and arson in our school.

If you see something suspicious, please don't intervene. Call the School Watch number and let the local police or State Government Protective Security Service deal with the matter.

### **Important Dates**

Labour Day Public Holiday will occur on Monday, 7 October. This means that the first day of Term 4 is Tuesday, 8 October 2013.

### **Lost Property Items**

I would like to thank Mrs Karen Moloney and Mrs Vanessa Jackson for taking on the mammoth task of sorting lost property here at the school. They have done a wonderful job sorting the many items left behind in classrooms, play areas and eating areas. Many items have been able to be returned to classrooms because they have been clearly labelled with their owner's name and

class.

Lost property unfortunately accumulates daily at Hilliard and sadly, children do not seek to find their lost items. Parents can assist this task by making sure all items of clothing and lunch boxes are labelled with your child's name and class. Please check your child's bag daily for missing items.

Once again, thank you Karen and Vanessa for donating your time (and patience).

Note: Unmarked items of lost property will be donated to charity at the end of Term 3.

## FROM THE DEPUTY PRINCIPALS

### **HPE Week**

Hilliard SS now has its very own Media Team. The team is made up of interested Year 5 Mentors and their first responsibility was to promote HPE Week. They did this by firstly advertising the Hilliard SS HPE Week activities around the school, and then capturing pictures of students engaging in activities. We watched an awesome video presentation of this at our most recent whole school Assembly. I wish to thank these students for their time and efforts with this.

Read all about what the Media Team had to say about HPE Week:

### **BYO iPad program in 2014!**

Thank you to the many parents who have already handed in the Student Participation Acceptable Use Agreement, found on the last page of the BYO iPad program booklet. These forms must be handed in for your child to be considered for a BYO iPad class in 2014.

We have already generated much interest from schools and other bodies within our region and state, about the preparation and implementation of our initiative.

I would encourage you to access the Parent Information Slideset and BYO iPad program from our school website, or don't hesitate to make a time to speak with me about any questions that you may have. On our website, we are continuing to grow the FAQs about this initiative:

<https://hilliardss.eq.edu.au/Curriculum/Pages/iPads@hilliardss.aspx>

### **Mathletics Achievements**

Congratulations to all Hilliard SS students for your continuing efforts with Mathletics and to our parents for your support with encouraging your child. In 2013, Hilliard SS students have achieved close to 3000 Bronze certificates, well over 400 Silver certificates, and over 30 Gold certificates. Not only is it wonderful to see our students accessing Mathletics at school and outside of school, but it was also wonderful to see improvements in our school's numeracy NAPLAN data.

With school holidays looming, I am always most impressed with the motivation and dedication of a large number of our students who continue to access Mathletics over these periods.

### **Maths Problem Solving**

In a recent newsletter article, I shared a **maths problem solving strategy** and here is another: **'Manipulating objects'**.

This strategy helps students to consolidate mathematical concepts through the hands-on manipulation of objects. Using a variety of concrete materials, such as blocks, pasta shells, paddle pop sticks, string, counters, etc. provides a foundation of practical experience which enhances students' understanding and motivation to solve the problem.

An example problem where students could use this strategy is:

Mrs Harding is making 5 new dance costumes. The costumes will have 3 buttons each. How many buttons will Mrs Harding need?

Students could use a variety of concrete materials to solve this problem.

### **Brisbane Writers' Festival**

Year 4 students, identified as having an aptitude through their NAPLAN results in 2012, attended the Brisbane Writers' Festival and were entertained by renowned authors; Briony Stewart, Margaret Clark and Gus Gordon. Students rated the day as a success with many reporting their inspiration to become authors themselves someday.

Recount, by Elissa and Gemma 4C

"We waited for everyone to arrive and then we caught the train to South Bank, then we were separated into four groups. At first, the train was quiet, but when we passed a few train stations it got a little bit louder.

Our first writer was Briony Stewart, she taught us how she draws dragons, and then showed us other very different and fun ways to draw dragons. Briony also showed us how we could create a dragon and what she is working on now.

Then, the next writer was Margaret Clark, she was the best and the funniest. She LOVED word play. She called people out to the stage and Ella B and Anais D.S. got called out. First, Ella had to pick out a word out of a hat and the word was Bum! She had to say that word out loud in the microphone and put it in a sentence. She was very embarrassed. Anais's word was blue, she was shy too.

After we went to Margaret Clark we had lunch at South Bank. The teachers gave us one lolly each and after we were finished eating, we all got a balloon. We all played balloon tiggly, it was so fun!

Our last writer was Gus Gordon. He told us about his favourite book that he has written - Herman and Rosie. It was pretty awesome. He showed us how he would draw when he was young.

After our busy day, we waited at the train station for the train. When the train came we all hopped on, we were very noisy and distracted all of the passengers already on board. When we got off the train at Cleveland Train Station we waited for our parents to pick us up.”

## Lexile

Congratulations to the following classes who have won the weekly class challenge for the most Lexile quizzes successfully completed; 3/4D, 4A and 4C.

The winning classes are awarded the Flying Pig Trophy, affectionately known as **Doris**, as well as ice-blocks for all. This is in addition to the individual acknowledgement and weekly pick from the prize box. The prizes for the prize box have been supplemented with donations from **Ashton Scholastic, Book Fair and Book Club**. A big thank you to Troy Anderson, Ashton Scholastic rep, for the marvellous donations to our Lexile Prize Box.

## **3. Aussie Hoops at Hilliard**

Redlands PCYC will launch its Aussie Hoops program at Hilliard State School next term with a girls program on Wednesdays and a boys program on Tuesdays after school. The program introduces the skills and concepts of basketball using a “game sense” approach. This method ensures participants enjoy the Aussie Hoops experience. The major focus is learning through participation in games and less of a focus on repetitive skills and teaching. Aussie Hoops is a convenient and cost effective way to experience basketball for children in grades 1 to 4. There is no time and cost commitment to a team training or fixtures on a weekend. Registration and payment is done online with each participant receiving a ball, bag and training singlet. We are having a students versus teachers lunchtime game with guest Redlands players and Aussie Hoops coaches, Mark Hammond and Linley Morley will to Launch the program in the second week of Term 4. ### **CHAPLAINCY**

#### **High SocieTEA.**

It was a night of great enjoyment with excellent food, a wonderful fashion parade starring our own staff and fabulous students, great singing from our choir, mesmerising performances by our aerobics and hip hop teams, stunning fashion parade by "The Witch and the Wardrobe", and loads of prizes in the Cent Auction (provided by you, our very generous school community, and lots of local businesses).

The evening raised very valuable funds for our Chaplaincy program, and we have many people to

thank for helping make the evening so successful and enjoyable.

Our special thanks to Dee Edwards, our Deputy Principal, for her vision and organisation from the beginning, and all her hard work in running the evening, spending countless hours over many weeks. THANK YOU!

My personal thanks also go to the many volunteers, especially our chaplaincy committee, who did amazing things to make our night so special, with hours of work sorting and wrapping prizes, creating table decorations and goodies for our guests and much more. Congratulations on such great teamwork everyone.

And special thanks to all those who attended our first High Tea - we couldn't have done it without your support!!

**Bayside Outrigger Canoe Club** is a family friendly club that encourages respect, community and fun. Many of our members encompass the whole family with Mum and Dad competing as well as the kids. The Club President, Rowe Wharehinga, encourages people from ages 8 to 80 to come and try this amazing sport, which is low impact and enables you to see our beautiful coastal surroundings that Redland Bay has to offer up close. Outrigging has increased in popularity over the years. It enables all fitness levels and ages to participate, whether it is competitively or socially. This sport is perfect for families as it enables both parents and children to do something together, while getting fit and enjoying the outdoors.

With the assistance of the Redland City Council, we are hosting a **FREE** 'Come and Try' day on Sunday, 15<sup>th</sup> and 22<sup>nd</sup> of September from 9.30am until 2pm, located at the beautiful Foreshore Park, Masthead Drive Raby Bay. Our qualified coaches will teach participants how to paddle and take groups out on the bay for a few laps. This is a great way to try something different with a group of friends or family and a nice way to socialise and meet new people. If you would like more information regarding this event, please call Kimara on 0422 925 897.
