### NAPLAN – Dates to Remember

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9 and has been an annual event for schools since 2008. These tests assess essential skills that all children require to progress through school and life, such as reading, writing, spelling, grammar and numeracy.

NAPLAN assesses the literacy and numeracy skills that students are already learning through the school curriculum. NAPLAN tests are constructed to give students an opportunity to demonstrate the skills they have learned over time through the school curriculum. NAPLAN does not replace, but rather complements, assessments run by your child's class teacher throughout the year. At the classroom level, it is one of a number of tools used by teachers to measure student progress.

*NAPLAN test days should be treated as just another routine event on the school calendar. **To ensure the best start to the test, please ensure that students arrive punctually for school, are well rested and have had a sustaining breakfast on these days.***

This year our Year 3, 5 and 7 students will be sitting the following NAPLAN tests on:

- Tuesday, 13 May – Language Conventions (Spelling, Grammar and Punctuation) and Writing
- Wednesday, 14 May - Reading
- Thursday, 15 May – Numeracy

For additional information go to: <http://www.nap.edu.au/naplan/parent-carer-support.html>

### 2E Painted Horse Competition

2E students and their teacher Mrs Harris have entered the *Brisbane Racing Club's Painted Horses Competition*. 2E students began by discussing the theme and by using computers to research past racing champions.

The next step was to come up with a design. Each student was given a blank horse template to design their horse. When all of the designs were completed, 2E laid them out, looked for

similarities and discussed the designs or features of the designs they liked the most. Mrs Harris used this information to create the final design.

2E were eager to get started painting the horse, however, they first needed to create templates (e.g. cardboard stars, strawberries, tornado, people) to trace around to make their design neat. After tracing the main shapes onto the horse they excitedly began painting the outlines in colour. 2E's finished product is sensational. We wish them well for the judging on 3 June. Please see 2E's great artwork below.

## Hilliard Heroes Before-School Reading Program

### **An open invitation to parents:**

I invite parents to encourage your child/children to participate in our Hilliard Heroes Reading Program which will commence shortly. As advised in the previous newsletter, the program will take place every Tuesday and Wednesday before school between 8:30 and 8:45 in the School Library. Trained volunteer parents, staff and special "guest readers" will read to the children with particular emphasis on male volunteer reading mentors. Research suggests that the most effective way to "hook" boys into reading is for "fathers to actively read with their boys, and adult men generally showing that reading is a male activity." The Hilliard Heroes Program will be guided by current research to ensure that students' interest in reading will be maximised.

### **The Benefits of Hilliard Heroes – The Read Aloud Difference**

Research strongly highlights the importance of children being read to from an early age and parents as well as educators play a vital role in this regard. In fact, reading aloud to children provides a strong, positive influence and builds a foundation for a lifetime of significant benefits.

### **What Kind of Benefits Are We Talking About?**

- It shows our children, in no uncertain terms, they are important to us and that reading is fun! Children therefore view books as an indulgence and not a chore or task.
- It moulds our children into becoming readers, and raising a reader significantly increases our child's potential for academic success as well as lifelong success in general.
- It improves a child's vocabulary and leads to more highly-developed language skills.
- It is a vital and integral part of teaching our kids how to read as children learn how to read by being read to. For example, children aren't born with an innate knowledge that text is read from left to right, or that images on a page support the words to make meaning.
- It builds listening skills, increases a child's attention span, and develops the ability to concentrate at length of which all are learned skills.
- It develops children's ability to express themselves more confidently, easily, and clearly in spoken AND written terms. By listening to an expert reader, critical language and enunciation skills are learned.
- It develops and fosters a child's natural curiosity.
- It develops creativity and a child's ability to use his/her own imagination.
- It expands our children's horizons, quells fears, exposes them to new situations, and teaches them appropriate behaviour as they begin to relate the scenarios in books to what is happening in their own world.
- Reading stories to our children provides the best opportunities for true "teaching moments." Through discussion, children learn to develop higher order thinking skills such as cause and effect and inference.
- Reading picture books develops a young child's appreciation for the arts through exposure to many different styles of art and illustrations.

**There is so much that reading aloud to our children can do for them.**

**LET'S START READING TOGETHER TODAY!**

## School Aerobics, Hip Hop, Cheerleading and Glee

## [Extracurricular Activities Term 2](#)

The list of extra-curricular activities available for students at Hilliard State School to participate in through Term 2, 2014 has now been finalised and can be found on our school website: <https://hilliardss.eq.edu.au/Extracurricular/Clubsandsocieties/Pages/Clubsandsocieties.aspx> You will see that our staff provide many opportunities for students to develop skills in many areas. Please encourage your child to participate in any of these activities. Contact the staff member in charge for further information. Thank you in advance to the staff committing to lead activities for our students this term.

## [BYO iPad Program 2015](#)

Early next week, a flyer and expression of interest will be sent home with students who are not in a BYO iPad class, for these students to have an opportunity to be considered to be enrolled in a BYO iPad class in 2015. We are well positioned to double the number of BYO iPad classes in 2015, depending on interest from our parents. You are strongly encouraged to read more about our program on our school website, including our updated 2015 iPad Program booklet: <https://hilliardss.eq.edu.au/Curriculum/Pages/iPads@hilliardss.aspx>

## [Skoolbo founder, Shane Hill visit to Hilliard SS](#)

On Thursday, May 8, we welcomed Skoolbo founder, and Mathletics founder, Shane Hill, to Hilliard SS to view our iPad classes in action and in particular, how Skoolbo operated in such an environment. What an amazing visit to have such a high profile person visit Hilliard SS, the students and teachers were thrilled!

Shane visited and spoke with students in 1C, 2D and 5/6D. They had an opportunity to ask him many questions. He explained to them how Skoolbo was designed and built, using a sizable development team and how the name was chosen. He told us some of his life story to this point and also that some of the Skoolbo characters are based on his own children and other family members.

Shane told us that in the past 1 1/2 weeks, Australian students have correctly answered over 500 000 questions of which I discovered that Hilliard students had answered over 30 000 of these, well done Hilliard! Most notably 2D students have scored over 12 500 correct answers and 1C close to 11 000. There are many other classes getting points on the board also. Once a student reaches 1000 correct answers, they gain Superhero status and we already have a number of students who

have achieved this, in fact, Indiana from 1C is soon to achieve this milestone twice, well done Indiana!

Shane let us know that there are some cool stories that support Skoolbo and best of all, they are FREE. Search for Zalairos Adventures in the iTunes store. Shane said that he thoroughly enjoyed his visit to Hilliard and is already looking forward to returning in the future.

1C enjoying Shane's visit.

Indiana from 1C has achieved close to 2000 correct answers in Skoolbo. Well done Indiana!

### [Year Level Newsletters](#)

As per the Hilliard SS Parent and Community Engagement Framework, we are committed to strengthening the partnership between home and school. Included in this is the commitment to send home a year level newsletter each term, which outlines key events for the term and the curriculum offered for key learning areas. We encourage our parents to have regular conversations with their child throughout the term.

### [School Facebook Page Notifications](#)

We have been made aware that some parents may not be receiving notifications from postings to our School Facebook page. You are encouraged to Like our page, if you haven't already done so, and then choose to get notifications from within your Facebook settings.

## This Is Who I Am!

Letters have been sent home to families requesting fees (\$15.00 for each student or \$35.00 per 3 student family); for costumes for our School Musical in September. This money is due at the office by Friday, 16 May.

Each student will receive a professional dance costume for their class performance on Wednesday, 10 September (Junior) and Thursday, 11 September (Senior). The cost incurred covers the hire and fitting of the costume and laundering. The costumes have been chosen to compliment the Musical Story and are of exceptional quality and suitability.

All of our leads are practicing vigorously each week with Mrs Skerritt and Ms Brown and classes are filtering in and out of dance lessons with a professional Choreographer, Mr Trevor Green.

The Musical is an essential part of our curriculum agenda for 2014, it parallels with our Social/Emotional Learning program and will form part of our reporting schedule this year. We hope all families will embrace this opportunity and support us to provide this valuable opportunity open to all students at Hilliard State School.

## Under 8's Day 2014

## You Can Do It Awards

Positive, individual student and House (Aston, Butler, Carlson and Rogers) attitudes and actions will be rewarded in Hilliard's new Responsible Behaviour Plan For Students. A feature of the new plan will be the You Can Do It End of Term Prize. The House scoring the highest average points each Term, based on You Can Do It criteria, will be rewarded with an afternoon celebration during the last week of each Term. The winning House Captains will be able to negotiate their House's prize with the school administration.

Each week, students who follow the "You Can Do It" philosophy of "Getting Along, Organisation, Resilience, Confidence and Persistence" are awarded a "You Can Do It" token which is placed into a rewards box in the school office. Each week, on assembly, four students, one from each sports

house, are chosen from the many who have earned a “You Can Do It” token and are awarded a prize.

## DENTAL VAN

Dear Parents/Guardians,

The School Dental Mobile Clinic has now relocated to Mt Cotton Primary School as directed by our management. Unfortunately, a few of the grade 5 students didn't receive their check-ups whilst we were at Hilliard SS. The parents of these students have been posted letters informing them of how to now access the service.

Our service is changing due to the new Child Dental Benefits Schedule as previously mentioned in the last newsletter, so it is now mandatory for a parent to attend for every appointment. We still offer the same quality service as always provided.

### ***How do I make an appointment?***
