Planning for your program with Linda Pitt, Apple Development Executive During this interactive session, we will unpack 8 Elements that we have learnt contribute to a success 1:1 program. We will utilise the experiences in working with many schools across Queensland and Australia, to support the planning of your program. Target Audience: <i>School Leaders</i> Venue: <i>Learning Centre</i>	
Deployment with Dave Wells, Apple Systems Engineer During this technical session, we will be discussing device recommendations in shared and 1:1 environments, best practices for managing school-owned and BYO devices, and how to take full advantage of Apple Deployment Programs to assist in managing and distributing content to devices. Target Audience: <i>School Technical Support Staff</i> Venue: <i>Learning Centre</i>	
Teaching and Learning with Kirsty Cutajar, Head of Curriculum, Hilliard SS During this session, we will be unpacking the iLearn@HilliardSS Teaching and Learning Placemat to support teachers with effective teaching and learning using iPads. Target Audience: <i>Teachers, School Leaders</i> Venue: <i>Conference room</i>	
Coding, Robotics and STEAM with Vicki Cowan, STEAM and Digital Technologies Teacher, Hilliard SS Explore how coding, robotics and STEAM related activities, linked with iPads, can enhance the digital technologies curriculum. At this workshop, you will explore a range of coding and robotics technologies including; Dash and Dot, Sphero, BB8 app enabled robot, Ozobots and more and STEAM related activities. Target Audience: <i>Teachers, School Leaders, School Staff</i> Venue: <i>Innovation room</i>	
STEAM and Makerspace classroom design with Eddie Richardson, Year 3/4 Teacher, Hilliard SS Explore the Hilliard SS STEAM Centre, which includes Makerspace activities, and learn how to get a STEAM/Makerspace area up and running at your school or in your classroom. Target Audience: <i>Teachers, School Leaders, School Staff</i> Venue: <i>STEAM Centre</i>	
Book Creator and Making iPads work in the classroom with Kerryn Gill-Rich, Year 4 Teacher, Hilliard SS (experienced from Prep to Year 6). <i>Please have Book Creator loaded onto your iPad for this Masterclass.</i> Learn how to make engaging and interactive Book Creator templates for your students across all key learning areas. Kerryn will also share the different ideas to make iPads work seamlessly in a classroom (have your questions answered). Target Audience: <i>Teachers, School Leaders</i> Venue: <i>STEAM Centre</i>	
NAPLAN ONLINE with Andrew Grant, South East Region Lead Coordinator, DET and Ian Ellis, NAPLAN Online, DET During this session, we will be unpacking the ICT skills, confidence and digital capability students require to undertake online assessment and how teachers can provide learning opportunities to best prepare their students. Target Audience: <i>Teachers, School Leaders, Technical Support Staff</i> Venue: <i>Learning Centre</i>	
COST	\$100 per person: includes takeaway iPad Innovation Kit for each participant, lunch, afternoon tea LIMITED to 120 participants - Schools will be invoiced (this will be our ONLY Open Day in 2018)
