Planning for your program with Linda Pitt, Apple Development Executive During this interactive session, we will be unpacking 8 Elements that we have learnt contribute to a success 1:1 program. We will utilise the experiences in working with many schools across Queensland and Australia, to support the planning of your program. Target Audience: School Leaders Venue: Learning Centre	
Deployment with Dave Wells, Apple Systems Engineer During this technical session, we will be discussing device recommendations in shared and 1:1 environments, best practices for managing school-owned and BYO devices, and how to take full advantage of Apple Deployment Programs to assist in managing and distributing content to devices. Target Audience: School Technical Support Staff Venue: STEAM Centre	
Teaching and Learning with Kirsty Cutajar, Head of Curriculum, Hilliard SS During this session, we will be unpacking the iLearn@HilliardSS Teaching and Learning Placemat to support teachers with effective teaching and learning using iPads. Target Audience: Teachers Venue: Conference room	
Coding, Robotics and STEAM with Vicki Cowan, STEAM and Digital Technologies Teacher, Hilliard SS Explore how coding, robotics and STEAM related activities, linked with iPads, can enhance the digital technologies curriculum. At this workshop, you will explore a range of coding and robotics technologies including; Dash and Dot, Sphero, BB8 app enabled robot, Ozobots and more and STEAM related activities. Target Audience: Teachers, School Leaders, School Staff Venue: Innovation room	
NAPLAN ONLINE with Debbie Jones, OCM Manager, Information and Technologies Branch, DET During this session, we will be unpacking the ICT skills, confidence and digital capability students require to undertake online assessment and how teachers can provide learning opportunities to best prepare their students. Target Audience: Teachers, School Leaders Venue: Conference room	
COST	\$75 per person (<i>includes lunch and afternoon tea</i>) Schools will be invoiced LIMITED to 80 participants

Scan the QR Code or visit the iLearn@HilliardSS page on our school website to read more about the BYO iPad program at Hilliard SS
