Snapshot report

Under the agreement for 2014
Hilliard State School received $188 225

Our full 2014 agreement can be found here

Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Implementation of Student Goal Setting for English and Mathematics and providing feedback to students using a common format across the school (providing at least 50min each week for every classroom teacher to action this).
- Professional development for teachers in Metacognition Strategies/Higher Order Thinking Strategies.
- Implementation of 2014 NAPLAN recommendations and preparation for staff and students (releasing teachers for NAPLAN planning day).
- Development of a Hilliard SS Reading Program to support increased student learning outcomes in reading.
- Implementation of a Numeracy Action Plan and coaching and peer support through 0.4 Numeracy Coach to support quality mathematics teaching and enhance student mathematical learning.
- Providing sufficient Teacher Aides in classrooms to support Guided Reading sessions across the school.
